

A flood can leave your finances in an even bigger mess.

The best flood cleanup device ever invented is an insurance claim check.

A claim check from a flood insurance policy, that is. Most homeowners policies—ours included—do *not* cover flood damage.

Our agency—together with Harleysville Insurance—can get you the coverage you need: Coverage to pay for cleanup. For damaged foundations. For saturated walls and buckled floors. For all the kinds of nasty, expensive damage that water can do when it enters your home.

Call us today. We'll make sure a flood doesn't clean you out.

- Floods can happen anywhere, at anytime, to anyone.
- 25% of all flood claims occur in low- to moderate-risk areas.
- Floods can result from broken water mains...leaking tanks... and runoff, in addition to hurricanes, melting snow, rainstorms and other natural causes.
- More than 80% of all declared natural disasters involve floods.
- Most forms of federal disaster assistance require Presidential declaration, which is issued in less than 50% of all flood incidents.
- Most homeowners insurance policies (ours included) do not cover flood damage.
